LETTER FROM THE PRESIDENT

Dear Partners,

As one of the largest Canadian owned Material Handling companies in Ontario, we at Ri-Go Lift pride ourselves on our ability to help our customers with the industries best products, services and support. For over 36 years now we have grown in the Ontario and Quebec markets to serve you better. And while we've grown, we have tried hard to never waiver from our promise to deliver the very best Products and Services - one customer at a time.

Our progress in the immediate future will be measured in terms of our ability to strengthen and grow our Service and Support capabilities while forging strategic alliances with the best manufacturers in the world. Whether you are looking for a New or Used Lift Truck, Racking or Storage Products, a Short or Long Term Rental, Service, Parts or Operator Training, our goal is to provide you with the right solution at the right price - each and every time. More recently the addition of Skyjack Scissor and Boom Lifts as well as the Nilfisk Advance line of Sweepers and Scrubbers has meant more than ever we have something you need for your industrial or commercial application.

I praise each of our employees for making these past years such an exhilarating success, even in turbulent times. I would also like to extend my thanks to our customers and our suppliers for their unfailing sense of devotion, guidance and support, and I look forward to the many years to come!

Pat DiBerto
President & Founder
Ri-Go Lift Truck Ltd.

LIFT TRUCK ATTACHMENTS

Here are some examples...

Carton Clamps and Rotators

Carton clamps are designed for palletless load handling. The use of carton clamps is recommended in locations where large amounts of product are packed in carton boxes and saving warehouse space is essential.

New, Used and Rental Options available

Pulp bale and wastepaper bale clamps

Our pulp bale clamps meet the special requirements of pulp bale handling. They have a strong frame, slim and robust arm structure and capacity ranges for bale units of different sizes. The wastepaper bale clamps are specially reinforced to withstand the roughest handling operations.
