

## The perfect solution for large space cleaning

The AS1050R is the largest ride-on scrubber in the Viper line of products. Designed to clean large areas in facilities such as warehouses, distribution centers, retail, hospitality, and schools.

Whether you need to clean every day or do occasional thorough cleaning, this machine is designed to handle it all. With its 39 inch scrubbing path, it is capable of cleaning large areas of up to 300,000 sq. ft. Using Eco mode, it can run up to 5 hours on a full charge.

The value offered is second to none in this category of floor cleaning solutions. The AS1050R is perfect for:

- Daily cleaning (up to 5 hours/day)
- Indoor spaces: logistic centers, warehouses, industrial production environments, large box stores, supermarkets, etc.
- Various hard floors: tiles, concrete, stone, plastic, epoxy, etc.
- Types of dirt: general dirt, grease, liquid spills

The AS1050R includes technologies such as:

- Eco Mode, which saves you costs related to water and chemical usage
- Silent Mode, which means you can run the machine without being disruptive to others

Picture shown may not represent model quoted

- Up to 5 hours run time with Eco Mode for optimal productivity and efficiency
- Safe operations ensured by features such as robust bumpers, automatic and mechanical braking, automatic speed reduction during turns, and ergonomic seating
- Ease of operation via a comprehensive control panel with one button start, and LCD display
- For light or heavy jobs, the dual vacuum system (optional) provides optimal performance from start to finish
- Adjustable work settings for greater task flexibility during operation on different floors
