

Walk-Behind Floor Scrubbers

Next Generation Small Area Scrubbing

The SC351™ battery powered micro scrubber is an innovative, compact floor scrubber ideally suited for daily cleaning in small areas, crowded places, between and behind tables, shelves and furniture, and in other hard-to-clean areas.

Benefits of SC351 Battery Powered Micro Scrubbers

The SC351 is in a class of its own, delivering more efficient, more effective and easier cleaning in small, hard-to-access areas. Combining a unique fully-adjustable rotating scrub deck, forward and backward scrubbing and drying, and brush assisted operation that does the hard pushing for you, you'll be able to get more done in less time.

- Simplify operation and minimize user training thanks to the intuitive, easy-to-use controls, including four operating mode options for versatile cleaning
- Eliminate cords and limited scrub time with the fully accessible AGM maintenance-free battery (up to 100 minutes of scrub time) and onboard battery charger
- Work during the day or in noise sensitive areas with a low operating sound level of only 64 dB A — the SC351 is the quietest machine in its class
- Quickly adjust water flow to match your cleaning requirements
- Ensure regular maintenance with tool-less access to machine components and squeegee, and easily accessible, removable recovery and solution tanks
